Loran B. Carter

Principal

Inclement weather will soon be making its first appearance in WNY this year. When weather conditions become hazardous, Eden CSD may respond in the following ways:

Closing School, Two-Hour Delay and/or Early Release

If the weather becomes so detrimental in one way or another that we need to **Close School**, **Two-Hour Delay** or have an **Early Release**, families will be notified in the following ways:

- **School Messenger – Our automated calling system. Please take time to ensure that all of your contact information is current. If you need assistance please call for assistance.**
- **Local news channels**
- **Local radio stations**
- **District Website**

Closing School:

If weather creates an unsafe environment for students we will close school for the day, including after-school activities.

Two-Hour Delay Information:

If the weather could cause an issue for an early morning commute but the forecast predicts a better circumstance for the remainder of the day, you may see a **two-hour delayed opening**.

- **School will begin 2 hours later than the building's official start time (10:45 am)**
- **Busses will arrive 2 hours later than normal pick up time**
- **Parent drop off time will be 2 hours later than normal drop off time (10:30)**
- **Please note: Staff will be arriving later than usual allow for safe arrival. That means there is no one at the school to supervise students earlier than the times posted in the two-hour delay (10:30 for parent drop off, 10:45 for official start of day).**

Please do not drop off students any earlier than those times. Make a plan for your family now, in order to plan for future two-hour delays.

Early Release:

If the weather could cause an issue transporting our students home in a safe and timely manner, we may conduct an Early Release.

- **The time of the early release is subject to weather conditions**
- **Please make sure you have a plan in place for your children in case of an early release**

Thank you for your continued support and cooperation, and let's hope for a mild winter. ☺
